thunder part of the political department says in one place, that the SENTINEL insmales that all Republicans who hurrahed for GRANT are to be "brained-in another place, the statement is made that the SENTINEL claims that the White Boys in Blue "have the right to kill a Republican if he speaks the name of GRANT ouder than a whisper in their presence. Our readers may think it, doubtless, ut-terly unnecessary to contradict such silly falrehoods as these, but, lest any body should be misled by them, we again de-nounce them as lies, and brand the infamous liars who have given them utterance. WITHERS was not struck merely for hurrahing for GRANT, and we never said it was his only offense. When it was thought that the young man was at the point of death, we spoke as lightly of his conduct as we could, but in our version, we stated distinctly that he followed the procession of White Boys in Blue and applied epithets of a very insulting haracter to them-that he was remor strated with by Republicans (whose names we have), who condemned his conduct and did their best to get him to desist and go away, but he persisted in his insulting remarks, and finally a collision ensued between him and anotherman, who was following the procession, and who was also drunk, and WITHERS was struck by this man. The White Boys in Blue hore his insults with remarkable forbearance. He was not struck by them, or by any person in the procession. This is the truth of the matter, which can be abundantly substantiated by Republican as well as Democratic testimony, and this was our version of the affair, which the Journal has meanly and contemptibly distorted. That it can impose its scandalously false version upon any man in Inapolis we do not believe, for we have found in our associations over the city that Republicans and Democrats are in the daily habit of reading both papers, whether they subscribe to both of them

If there ever was a day in Indianapolis when the arrogance of this insulting and insolent sheet was permitted and submitted to, it does not now exist, and the sooner the Journal be for all concerned. Of one thing it may rest assured that it can not libel Democrats any longer with impunity. There will be blows for it to take, and heavy ones at that, as well as to give.

Due Notice. For some days past insinuations of personal character have appeared in the Journal, evidently pointed at and intended for the SENTINEL Office. We despise this mode of warfare, always the resort of cowards and low-bred fellows. If the Journal has any charges to make let it bring them forth, and we will give it bond and security that they will be boldly met. It may be that we will have charges to submit, but when we do so they will be straightforward, pointed, manly, and the proof will be clear and conclusive. If mothing but a personal controversy will suit the Journal, all we have to say is crack your whip and go shead. We will not shrink from the encounter. PROF. CHRISTY—Sir: I commenced the use of your Hair Preparation at a time when my hair was in a very unhealthy condition. My hair was dry, harsh, and whenever I dressed it, it broke off so that it became very short and thins. I bought one bottle of your Hair Lotic to try it, and I was so plessed with it that I continued using it. I have used the Lotie for nearly a year and it has grown me a head of hair that is soft and glossy, and it is longer than it ever was before in my life.

COLFAX IN A NEW ROLE. DR. JOHN BUILL'S OFFICE more simes of the people of Eric County. New York, he being sponsibility of his sets and expressions, is one of the great lights in the "God and morality" party. Out upon such hyserisy, deception, and fraud. No wonder the country is on the broad road to ruin, when such miserable demagogues have the control of public sitairs. The petition of Grant, "Let us have peace," can never be answered favorably until a class of men different from Colfal and company rale the destinies of the Nation.

As a fitting addends to this article, we give one of the bogus Southern letters of Colfal, which he wrote from South Bend in 1852, the paternity of which he now denies for an evident purpose. How much longer will the people parmit themselves to be deceived and humburged?

Dr. John Bull.—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case:

I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparillathan in any thing else. I wish that that is genuine. Please express me half a dozen bottles, and oblige

Capz. C. P. JOHNSON.

St. Louis, Missouri. P. S. The following was written April 1865, by Mrs. Jennie Johnson, mother of Captain Dr. John Bull.—Dear Sir: My husband, Dr. C. S. Johnson, was a skillful surgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. It curaes mm. I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fover sores, and general debility. Perfect success has attended it. The curee effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.

Respectfully.

WORM DESTROYER. DR. W. M. WILCOX'S

Vegetable Worm Destroyer. The Great Remedy for De stroying Worms.

THIS WORM DESTROYER is a purely vegeta-ble preparation, and is entirely safe for the most delicate child. It is warranted not to conmost delicate chies. I mineral substance in any form. Children will not object to take it, as it is form. Canadian Pileasawa To The TASTE.

Thousands of children die annually of worms for the want of a proper remedy at hand.

CHEST STREETS JIDIO TEF

TENIA SOLINUM. Dr. W. M. WILCOX—Sir: In answer to your inquiry in regard to the effect of your remedy for tapeworm, I beg leave to tell my experience: Seven years ago I discovered that I was afflicted with one of these monsters. At first it did not interfere with my health or business, but after about a year I became very sick at intervals. My health began to fail me, and I became very thin and emaciated. I commenced doctoring, and to be brief, I have paid out large sums of money to a great many physicians. I lived at Uniontown, Kentucky, when I commenced with the physicians, every one of whom I tried in that and neighboring towns and cities, without any effect. I was told by many of them that the worm would kill me; that there was no hope, as it was virtually a question of time in my case for my death to ensue. I began to think they were right, and concluded to enlist in the service, NEW ALBANY, June 28, 1868.

worm would all me, that there was no hope, as it was virtually a question of time in my case for my death to ensue. I began to think they were right, and concluded to enlist in the service, thinking it just as well to be shot with a bullet as to die of a worm. I also had a hope that while in the service I might find some Doctor who would do some good. In this I was mistaken, as I tried every one I came in contact with during three years' service. I took every kind of medicine that could be thought of, all of which failed to remove the terrible enemy gnawing at my vitals. I finally moved to this city about a year ago, and was recommended to call and see you. At the time I came I must confess that I thought the job a hopeless one, but I am happy to say that I now rejoice that I came. The morster was entirely removed from my system, after being under your treatment a few days. The worm was sixty-six feet and five inches long, and I am satisfied that I am perfectly well. I have gained my strength very fast during the past two months. I most heartily recommend your remedy to all those similarly afflicted.

Flown Course Labe 10 1888

PLOYD COUNTY, July 10, 1868.

DE. W. M. WILCOX—Sir: In accordance with your request, I give you, and through you, the public, the following facts in regard to the affliction of my niece, Annie Lewis, aged 16 years, of tape worm: About twelve years ago the first symptoms of the presence in her aystem of the monster was discovered. She was always a small, pale and emaciated child, having very little to say. Every remedy the family could hear of was tried effectually, but failed to remove only portions of the worm. Three years she was under the treatment of eminent physicians of Louisville, who used every known remedy, and tried all sorts of experiments to dislodge the enemy, but without avail. A remedy prepared by the celebrated Dr. Jayne, of Philadelphia, was also tried, but it, too, failed to effect a cure. The effect of the worm upon her health caused her to become partially blind, and to suffer otherwise to a considerable extent for several years. All hopes of her recovery were given up until I heard of your remedy. It performed an effectual cure in a short time, removing the entire worm, twenty-two feet five inches long. Since that time the patient has gained flesh very fast, now weighing eighty-four pounds against sixty-four previous to the removal of the monster. She is now in apparent good health, and is cheerful and lively, having fully recovered her sight. I can cheerfully recommend your remedy as safe and sure in such cases. Yours, respectfully.

NEW ALEANY, July 6, 1868. FLOYD COUNTY, July 10, 1868.

NEW ALBANY, July 6, 1868. NEW ALBANT, July 6, 1868.

Dr. W. M. Wilcox—Sir: I tried your Worm Destroyer upon one of my children, aged 7 years, and found it to be all it is represented. The child had been very puny for some time, although it was a very hearty eater. I finally tried your Worm Destroyer, and, after administering two doses, a large number of stomach worms were passed off, one of which was eigteen inches long. I can recommend it to all persons as a safe and reliable remedy for the removal of worms from children.

quantities in the West Indies and South Americs, and, as prepared by our Patent Processer,
furnishes the best material for upholstery now
known to exist.

*** The advantages claimed by us for Mastic
Sponge, over curied hair, or feathers, are as follows:

1. Its superior and permanent elasticity, which
is not in the least affected by changes of temperature, nor by any reasonable lapse of time.

2. Its unrivaled cleanliness. It is entirely free
from insect life, from dust, or any source of decay.

from insect life, from dust, or any source of decay.

3. Its cheapness. It goes further in the manufacture of upholistry than any substance now used. It is obvious that the purchaser gets the benefit of this economical quality.

4. Its healthfulness. Feathers and hair, being animal substances, exhale a characteristic and well-known odor. Pimpled faces are often occasioned by the use of feather pillows.

After a continued and thorough trial of four years by many of the best upholisterers in the United States, we feel authorized by their concurrent testimony in asserting that we asn now supply that great desideratum—an unexceptionably good bed at a moderate price.

BITTERS. WARD'S

Eureka Tonic Bitters.

WE read in the legends of history of how Ponce de Leon and his cavaliers of old Spain searched the blossoming glades of Florida, cheered by the hope that they should yet cheered by the hope that they should yet drink from the fountain of perpetual youth and vigor. Sick and suffering humanity now, like those Spanish knights, seek eagerly for any rom-edy that will revivify and strengthen. Unlike that fabled fountain, Ward's Eureka Tonic Bit-ters is no beguling cheat, but prepared by an eminent and skillful physician, who has tested its curative virtues in an extensive and success-ful practice of over two score years. Disclaim-ing to be a pancea for ALL diseases, it congrustees ful practice of over two score years. Disclaiming to be a pancea for all diseases, it guarantees to cure Chills and Fever, Sick and Nervous Headache, Neuralgia, Rheumatism, Dyspepsia, Constipated Bowels and Indigestion, and has been used by persons afflicted with consumption and has proven of great benefit to them. It will send the blood bounding with healthful pulses through systems long diseased, debilitated and miserable: or dispel feebleness resulting from acute attacks of Bilious or Typhoid Fevers. It is compounded of purely vegetable ingredients, and is given to the world as a pleasant and reliable tonic.

The "resident of this city," who tucky Evans and the "official connected with the Sheriff's office" of Floyd county, turns out to be Baker, the Indiamapolis Kentucky-Radical Ku-Kluz.

Mr. Burk, the coal dealer, who lost his leg on Wednesday by being crushed between the cars, we are glad to learn, is getting along finely. But little doubt is entertained of his recovery. Few men of his age, 72 years, would have survived

such terrible injuries. The "Journal's" attempt at murdering Withers and that poor negro boy has utterly failed, much to the chagrin and mortification of the editor of that paper. Mr. Withers is rapidly recovering, and the negro boy, so brutally mur-dered, according to the "Journal," can not be found. Vive la humbug.

Baker, the Indianapolis-Kentucky Radical Ku-Klux, having awakened from his comfortable sleep on the salt barrels, says he is ready for fresh martyrdom in the "holy cause" of Radicalism, so the sponduliz are forthcoming. He is ready for "treason, stratagoms, and spoils," particularly the scale."

The Board of Commission Insane Asylum yesterday elected Dr. Orpheus Everts, of Michigan City, as Superintendent of the asylum. This gentleman's fine literary and professional attainments, combined with administra-tive abilities of a high order, render the choice worthy of commendation. It is to be hoped that the entanglements and embroilments, about which we have heard so much of late, will be so managed that quiet shall once more reign between the walls that hold the unfortunate insane.

We took a look, yesterday, at the the preservation of battle flags and trophies, and find that through the superinendence of Mr. B. F. Foster, the gentlemanly Librarian, they have been most tastefully, and, indeed, elegantly fitted up. An hour or to may very profitably be given to an inspection of "Trophy Halls."
